

REMARKS

The above-identified application has been amended to correct a typographical error in the Examiner's Amendment accompanying the Notice of Allowance dated January 5, 2005. In the Examiner's amendment of claim 21, the phrase at line 3, "hsp110 polypeptide an immunogenic polypeptide" should read: "hsp110 polypeptide and an immunogenic polypeptide".

Because these corrections are minor and formal, do not involve new matter, and do not in any way affect the nature or scope of the invention, it is believed that they may be entered under the provisions of 37 C.F.R. §1.312 without withdrawing the application from issue.

The Issue Fee has not yet been paid.

Should the Examiner believe minor matters still remain that can be resolved in a telephone interview, the Examiner is urged to call Applicants' undersigned attorney.

Respectfully submitted,
